The Meeting was called to order at 7:00 pm

Approval of minutes: May 23, 2021 minutes. Approved 5-0

New Permit Applications: none

Pending Permits: Stevens Long Pond Access Driveway & Leachfield. The members confirmed that the application was for a 3-bedroom leachfield and access driveway to the field's location. Installation of septic tank and lines was not part of the application. **Motion was approved 5-0.**

Other: Discussion was had concerning a request to consider leveeing a penalty on applications that are filed after site work is initiated. Members thought that only the selectboard can institute penalties that would require a vote at a selectboard meeting. The Board cannot institute fines and/or penalties on its own.
